

OLN & CAS – GATEWAYS TO ANSWERS

Where can I find Ohio degrees and certificates offered at a distance?

Simply check out OLN's web site at www.olin.org and click on the "Degrees and Certificates" link to learn more about online associate, bachelor and master degrees and certificates.

What types of courses are available through distance education and where do I find them?

Ohio online courses can be reviewed by logging onto the OhioLearns! catalog at www.ohiolearns.org.

When I am having trouble making academic and career decisions, what resources are available to me?

Visit the OLN web site at www.olin.org and click on the "Explore Distance Learning" link to assess your educational and career directions.

How is it important to find detailed information on course requirements and degree programs and where do I go to find this?

To obtain consistent and accurate information about course requirements and the applicability toward degree completion, log onto CAS (transfer.org).

How can I determine if my course work is transferable to another school?

Go to transfer.org and enter courses taken at your current or previous school(s) and find out immediately how the courses transfer for credit to another school of your choice.

Who can I contact if I have questions about OLN and CAS?

E-mail the Regional Coordinator in your Ohio region.
(E-mail addresses are listed on the back cover of this brochure.)

Feel free to contact the Regional Coordinator near you.

CAS – THE GATEWAY TO INFORMATION

The days of waiting forever to receive course information, transfer credit comparisons, and degree progress from the registrar's office are over. With the Course Applicability System (CAS), you can find all of this information online.

WHAT IS CAS?

CAS is a joint project of the Ohio Board of Regents, Miami University, and the Arizona Board of Regents. Using the World Wide Web, CAS assists students, advisors, faculty, and administrators from two-year colleges and universities to obtain consistent and accurate information about transfer courses and their applicability toward degree completion. The participating institutions in Ohio include all of the public institutions as well as some of the private institutions.

HOW IT WORKS

Finding course descriptions, academic program information, transfer equivalencies, and assessing current program progress is now only a click away. Just log onto the CAS web site (transfer.org) and select the institution(s) of interest. Surf around and compare how participating institutions' courses transfer to another participating institution, view academic programs course by course, and estimate your graduation date by determining what courses you have left to complete.

OLN – THE GATEWAY TO

Have you been thinking about starting or finishing your education, but can't seem to fit it into your busy schedule?

Like most Ohioans, you've probably thought about going back to school but aren't sure how to fit college courses into your day-to-day life. If you need to complete your degree for job advancement or maybe just need some courses to update your job skills, the Ohio Learning Network (OLN), OhioLearns! and the Course Applicability System (CAS) may be the answer. Through these programs you'll make educational choices that will lead you to completing your educational goal while customizing it to fit your schedule and reducing the need for campus attendance.

OLN is a consortium of Ohio's two- and four-year public and private institutions offering courses and degrees at a distance. OLN can help you find programs and courses that will help you reach your educational and career goals. OLN blends "high tech" with "high touch" by providing a Regional Coordinator (RC) near you to help you find information on available courses and programs. RC can be reached by e-mail, phone or individual face to face appointments. Visit www.olin.org for more information.

OLN's OhioLearns! catalog (www.ohiolearns.org) is an online listing of courses from participating Ohio colleges and universities. This catalog provides information about each course, which college or university is offering that

DISTANCE LEARNING

course, and contact information about how to enroll. Log on today and see how OLN can help get you started on the road to reaching your educational and career goals.

OLN and CAS are part of the Ohio Board of Regents' strategies to make education available to more Ohioans. OLN's member institutions provide online courses, plus the resources and necessary services for Ohioans. CAS provides online student services dealing with transferring of courses from one school to another as well as descriptions of degree programs. Contact OLN and CAS to see what opportunities there are for you.
